## M1/M2 INDUSTRY PARKS

## INNOVATION PARK

# 7. INFRASTRUCTURE UPGRADES AROUND DANDENONG SOUTH

Major road projects are underway, or due to commence, immediately surrounding Pellicano's Dandenong South business parks as part of the biggest investment in suburban roads in Victoria's history. Key projects include:

## 1. DANDENONG SOUTH INTERMODAL TERMINAL

The new 'inland port' is only 600m\* south of M1/M2 and 3km\* from Innovation Park. The terminal will enable efficient movement of thousands more containers to and from the Port of Melbourne.

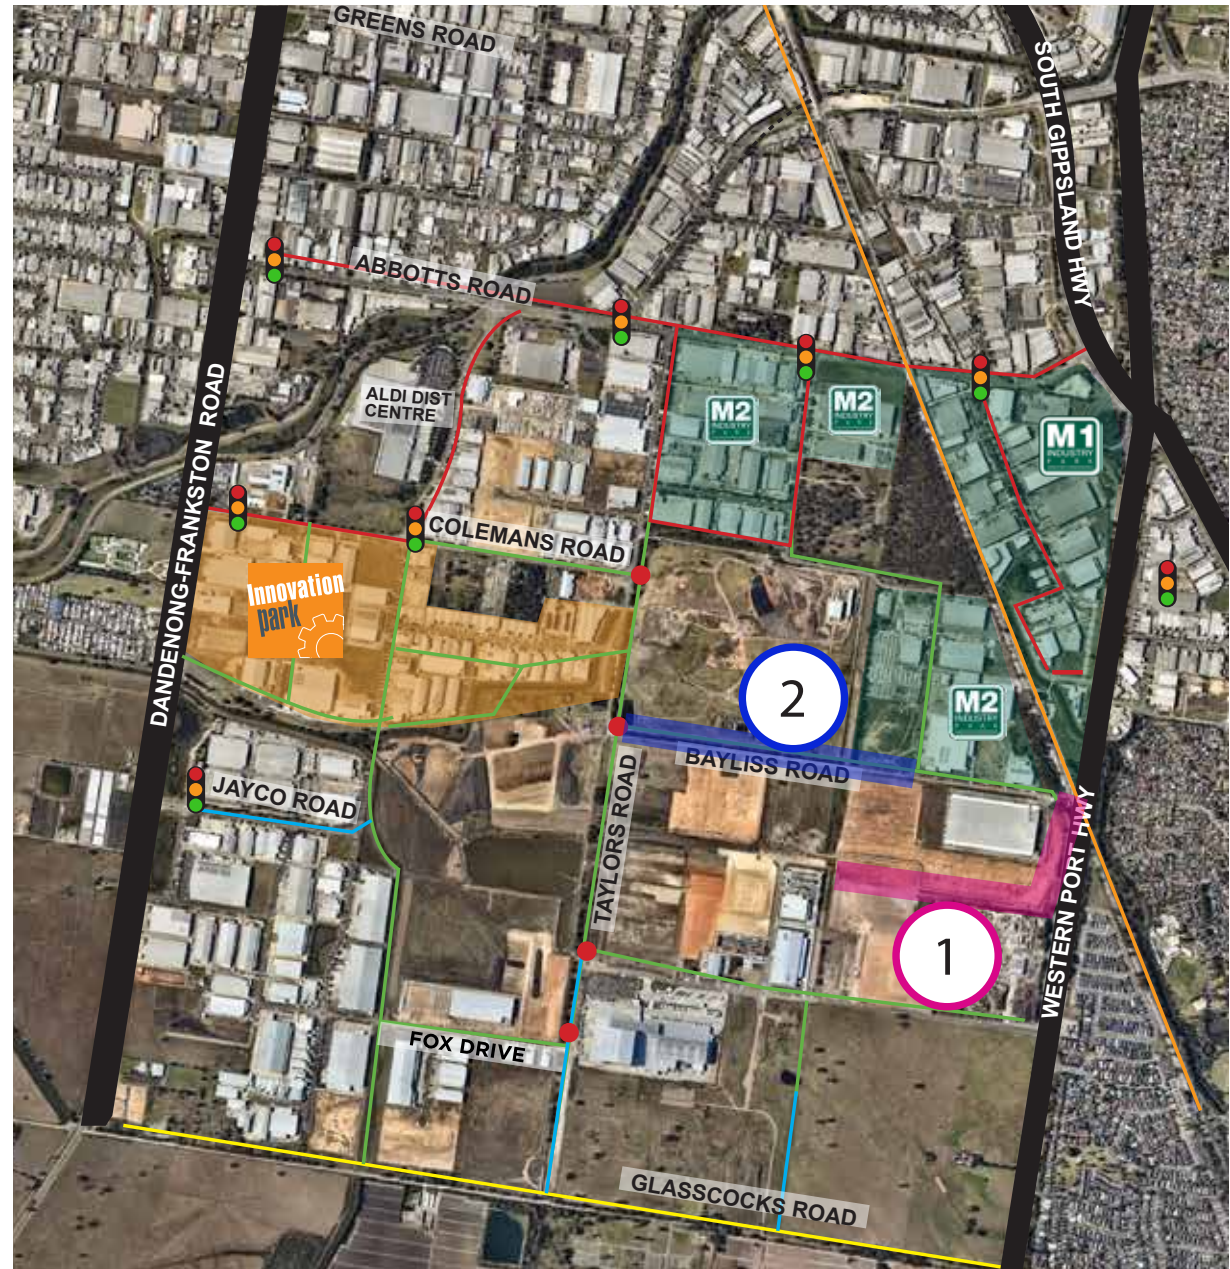

- » Under construction, due to open 2024
- » Will contribute to lower supply chain costs for operators
- » Help to ease truck congestion on the M1 Freeway and surrounding arterials

## 2. BAYLISS ROAD

Bayliss Road has been permanently closed at Western Port Highway to facilitate a rail spur into the intermodal terminal.

In addition, Bayliss Road will be upgraded and sealed between Taylors Road and National Drive.

- » Taylors Road will also be extended to connect with Fox Drive

Note: Proposed road and infrastructure works are indicative only, in accordance with the Dandenong South Industrial Area Extension - Development Contribution Plan (January 2009).

- |   |                                     |
|---|-------------------------------------|
| — EXISTING MAIN ARTERIAL                        | — FUTURE TWO LANE COLLECTOR         |
| - - - EXISTING TWO LANE ROAD - TO BE DUPLICATED | ● PROPOSED ROUNDABOUT               |
| — EXISTING TRAIN LINE                           | ⋈ PROPOSED SIGNALISED INTERSECTIONS |
| — FUTURE SIX LANE ARTERIAL                      | ● EXISTING SIGNALISED INTERSECTION  |
| — FUTURE FOUR LANE COLLECTOR                    |                                     |

## 8. ECOLOGICALLY SUSTAINABLE DESIGN

### Standard Inclusions:

- ✓ Provision for Solar PV system

- ✓ Environmentally sustainable construction materials sourced wherever possible
- ✓ Provision of a safe and comfortable indoor working environment, via:
  - » Low VOC finishes and materials (paint, carpet, etc.)
  - » HVAC with zoned air-conditioning
  - » External shading systems to office
  - » High performance glazing

- ✓ LED downlights to offices and workspaces
- ✓ LED hi-bay lighting to warehouse
- ✓ Automated external lighting using PE cells and timers

- ✓ Plumbing fixtures rated up to WELS 6 star
- ✓ Rainwater harvesting to service plumbing & landscaping
- ✓ Water efficient landscaping
- ✓ Automated irrigation to minimise water usage waste

- ✓ Responsible waste management practices employed during construction

As a member of the Green Building Council Australia, Pellicano is committed to sustainable building and development practices with our mantra 'build for tomorrow' driving everything we do. A Pellicano facility includes ESD initiatives as standard practice and there is a range of ESD upgrades that can be customised at your request.

Paying relentless attention to the building life cycle, Pellicano continuously develops strategies to enable us to build smarter, cleaner and greener facilities, whilst enhancing the value offered to our customers. This is achieved by research and evaluation of:

- » New technologies to efficiently utilise energy and water resources
- » Innovative approaches to improving work environments
- » Sourcing new products to minimize waste and prolong the building life cycle

## 9. DEVELOPER PROFILE

**Bricks and mortar.  
That's the real start of construction.  
That was our beginning!**

Building on 55 years of experience, Pellicano is a national, award-winning leader in the design, construction, development and management of residential, retail, commercial, industrial and hospitality projects. We have successfully completed \$4.45 billion of developments.

From humble origins as a family-owned bricklaying business, Pellicano has grown into a comprehensive, multi-disciplinary property and construction enterprise with a stellar reputation for excellence and meticulous attention to detail.

Pellicano currently owns and manages over 190 properties, with 370+ commercial customers currently enjoying these spaces across a diverse portfolio comprising assets in the residential, commercial, retail/large format retail, industrial and hospitality sectors.
